[Republican A. P. Leased Wire] SALT LAKE CITY, April &-"Any man, woman or child, who claims that he, she or any other person on earth except Heber J. Grant, has received a revelation regarding the actions of others than himself and family is either a plain liar or has been deceived by the powers of evil, and to heed the doctrines of such person is a sure road to hell," said Heber J. Grant, president of the Mormon church at the semi-annual conference of the Deseret Sunday school at the tabernacle tonight.

"There are certain persons among us," President Grant continued, who are declaring that they have been instructed by the lord to perform plural marriages. There are no plural marriages in the church and any person who attempts to teach other than the prevailing system of one wife for one man, is sanctioning the practice of adultry and any who en-ter such marriages are guilty of adultry in the face of God. Now

guess you understand that."
Recently the Mormon church ex-communicated and his-fellow ex-communicated and his-fellow-shipped several members of the church who had joined a cult which practiced "wife sacrifice," justified by a "revelation" which has come to Moses S. Gudmund-son, "prophet" and leader of the

BALTIMORE, April 3.-David F. Houston, former secretary of the treasury, in analyzing a country-wide survey of industrial, financial, agricultural and other economic conditions, declares that "the big national question is taxation, with peace settlement and international trade next."

The survey, made in all of the geo-graphical divisions of the United States by field agents of the Fidelity and Deposit company of this city consisted of answers to 36 questions by farmers, bankers, manufacturers and public officials. An interesting feature of the statistics is that in every section except New England and the Rocky mountain states build-ing operations show a marked in-crease. General transportation con-
